

| Description | Approximate Cost (Total) | ARPA Eligible | Is this project committed? | Approximate Cost to Borough | Pass Through to Borough | Borough Funding Source | Funds run through the Borough | Grant Source |
|--|--------------------------|-------------------------|----------------------------|-----------------------------|-------------------------|------------------------|-------------------------------|--------------------------|
| Project is for park improvements at the Borough's parks. Final scope of work has to be determined as the Borough only received half of the request funds. Safety improvements to the parks will be completed, renovations to courts and paths, old equipment removed and replaced, and fall surfaces refreshed. Project could be large if more Borough funds are used, but at a minimum \$13,500 of Borough funds must be used to max out the grant at \$75,000. | \$ 88,500.00 | | | \$ 13,500.00 | \$ 75,000.00 | General Fund | Yes | Greenways Trails and Rec |
| Project is to extend the Borough's storm sewer up Center Ave from 1st St to Athletic so excess runoff and ground water can be caught and piped down the hill rather than creating an icing issue on the surface. | \$ 79,000.00 | No | Yes | \$ 51,000.00 | \$ 28,000.00 | General Fund | No | |
| Project is to reconstruction/pave several deteriorated alleys around the Borough. The alleys included Peach(Between South and Center), Peach (Deadend section), the alley between Parker and North, Walnut Street, and Sylvan Way. | \$ 164,400.00 | More research is needed | Yes | \$ 25,000.00 | \$ 139,400.00 | General Fund | No | GEDTF |
| Project to repair the Wildwood Culvert | \$ 39,500.00 | | Yes | \$ 16,152.00 | \$ 23,348.00 | General Fund | No | |
| Grant would be for the purchase of a new F600 truck, new bed with salt equipment and new trailer unit leaf vac. if awarded the grant, the older DPW truck would be sold and the proceeds would pay for the local match. The Borough would cover the initial cost. | \$ 176,500.00 | More research is needed | Yes, if grant is awarded | \$ 17,625.00 | \$ 158,875.00 | Sell of truck | | **SHOULD HEAR SOON!!! |
| Part of the Borough's multi-year plan to move forward with sanitary sewer inspection and lining to move toward having the entire sanity sewer system lined. | \$ 200,000.00 | Yes | No | \$ 200,000.00 | 0 | Sewer Fund | | WISH LIST |
| To not rely on grant funding to be able to control and remove blighted structures, budget to be able to remove 3-4 structures. Structures are undetermined at this point. | \$ 20,000.00 | Yes | No | \$ 20,000.00 | 0 | General Fund | | WISH LIST |
| Project for would be for a year paving program. In the past the Borough would try to complete two maybe three streets of paving or one large brick street reconstruction per year. There is no written plan for systematic replacement of brick streets or paving of roads, but it has been talked about for many years. | \$ 100,000.00 | Yes | No | \$ 100,000.00 | 0 | General Fund | | APRA |
